Building Blocks

Building Blocks kitchen is designed to provide meals from scratch for child care from 40 to 100 children.

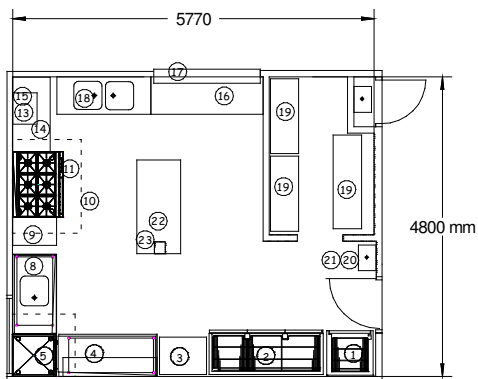

The use of modular stainless steel benching in our "Building Blocks" design provides you with an efficient layout for preparation of meals such as lasagne, spaghetti, & baking of biscuits.

The warewashing area can handle a large amount of plastics that can be allowed to air dry during storage.

A standard upright refrigerator allows for storage of bulky goods such as fresh vegetables and milk.

A medium duty microwave assists in reheating of small portions of food.
